BANDS OF MARAUDERS

Desperadoes Abroad Bent on Looting For Their Living.

FIGHT WITH KENTUCKY BANDITS

Two Ohio Towns Visited But Little Booty Was Secured In Either. Safe Crackers Follied by an Overcharge of Dynamite.

Lexington, Ky., Oct. 14.—At Harrodsburg, 10 miles from here, a band of five robbers robbed the postoffice, securing \$30 and afterwards attempted to effect an entrance to the Mercer National bank. Before they succeeded they were discovered by Officers Britton and Brown of the police force, who at once opened fire. A miniature battle raged during which the plate window glass was shot out of the bank, and considerable havoc was wrought by firing bullets into the stores along Main street. About 40 shots were exchanged and one of the robbers was wounded, after which the burglars retreated, taking their disabled comrade with them, and effected their escape. It is not known how seriously the robber is hurt. Officers in surrounding towns were notified and a posse with bloodhounds is in pursuit. Two suspicious characters were seen at Faulconer's station, four miles from here and a detachment of soldiers went to that point. One of the men is reported to have a thumb shot off and a slight bullet wound on his face.

Raid In Michigan Town.

Saginaw, Mich., Oct. 14.—Burglars who had previously blown open the safe in the office of the United States Graphite company here and secured \$30 in cash and \$600 in checks, terrorized the inhabitants of the village of Fosters, near here. They captured Night Watchman Jones, bound and gagged him. Then they took him to Harden's hardware store where they blew open the safe. Unable to open the strong box, they made the watchman conduct them to Harden's home, expecting to compel Harden to go to his store and open the cash drawer of the safe. Harden was prepared for them and opened fire. The burglars used the captive watchman as a shield to Harden's fire. Jones was shot in the hand but none of the burglars was hit. The shooting aroused the villagers and the burglars fled.

Thieves Routed at Fremont.

Fremont, O., Oct. 14.—A gang of robbers blew open the outer doors of a big safe in the store of C. Ingraham and Company at Curtice, a small station west of here. They were discovered in the act and citizens with loaded guns took after the robbers, of whom there were about a dozen. It was evidently the same gang that has been looting this section. Many shots were exchanged, but the thieves made good their escape on a handcar which they abandoned at Trowbridge, the next station east, and escaped to the woods. They left behind various tools and a bottle of nitroglycerin, but secured no booty. This is the seventh time the same store has been attacked by burglars. Once they carried off the entire stock which was loaded into wagons.

Used Too Much Dynamite.

Wooster, O., Oct. 14.—Robbers used too heavy a charge of dynamite and blew off the roof and rear of the second story building used by Craig and Company, grain dealers. The heavy doors on the safe were blown across the street, but the strong box, containing quite a sum of money, remained intact. The robbers forced open the doors to the Shreve bank and got \$1.60 from the cash drawer.

Negro Killed.

Lexington, Ky., Oct. 14.—Two men, John T. Doyle and Martin Clark, both white, are in jail here, charged with killing a negro named Henry Campbell. Each surrendered, believing that he fired the fatal shot. After being ejected from a saloon in which both white men were clerking, Campbell went home, secured the rifle which he carried in the civil war, and opened fire on the doorway. Clark secured a pistol and Doyle a Winchester and each shot once. The negro fell dead, a bullet having passed through his body. The bullet could not be found and the coroner could not place the responsibility.

Gold In Ohio.

Springfield, O., Oct. 14.—The identity of the man who brought the rock which assayed \$14.75 in gold to Jeweler Syman has been established. He is John Perry, and he has been working for the past few weeks for John Pence, who rents the Wilkerson farm. The excitement over the discovery of gold near Enon has increased wonderfully, and the farmers in that section of the county have the fever bad, but they get little or no satisfaction out of Perry, who is very reticent about the matter.

PAT CROW

Will Surrender If Not Locked Up. Writes a Letter.

Omaha, Oct. 14.—Chief of Police Donahue received a letter from Pat Crowe naming the terms on which he will surrender. The postmark is illegible, but evidence indicates that it had not traveled a long distance. In the letter Crowe agrees to give himself up at once and stand trial for the kidnapping of Eddie Cudahy provided he is not locked up until a jury shall adjudge him guilty. He says he is unable to furnish bond in excess of \$500 and demands that bail be fixed in that sum. Chief Donahue, when asked his opinion of the genuineness of the letter, freely expressed himself as quite satisfied that the missive came from Crowe. The chief also received a letter from Crowe's uncle at Manchester, Ia., submitting similar terms for Crowe's surrender, which lead the police to believe that they are dealing with the right man.

Mr. Edward Cudahy said he was opposed to entering any special negotiations for the return of Crowe, but was willing to withdraw the reward, as Crowe had requested.

RIISING OF ARABS

In the Event of a Rupture Between Turkey and France.

Paris, Oct. 14.—La Francaise published a dispatch from Suse, Tunis, announcing that a Turkish officer was recently arrested there on a charge of swindling, and that an investigation disclosed the fact that he had received instructions from the Ottoman minister of war to organize a rising of the Arabs in South Algeria in the event of a rupture of diplomatic relations between France and Turkey resulting in a declaration of war. It was conclusively proved that his presence there was due to these instructions. According to these same advices the incriminated officer is only one of several who were intrusted with the same mission.

Funeral of President Snow.

Salt Lake City, Oct. 14.—The Church of Jesus Christ of Latter Day Saints, commonly known as the Mormon church, paid its last tribute to the remains of its late president, Lorenzo Snow. The great popularity and clerical eminence of the deceased drew to the city Mormons from every corner of the state as well as many Gentiles who had known and respected the dead leader. The service was one of impressive simplicity, the absence of ritual, the earnestness of the speakers and the beauty of the floral offerings and decorations of white drapery, trimmed with pale green leaves, combined to form a scene seldom witnessed in the historic house of worship.

Town Literally Gutted.

San Jose, Cal., Oct. 14.—The most destructive fire in the history of Los Gatos occurred when the entire business section of the town was wiped out. The area covered by the fire is estimated at about four acres, and property worth from \$100,000 to \$150,000 was destroyed. A dozen or more business blocks, several manufacturing, a livery stable and a church and many dwellings were burned. The fire department was powerless to cope with the flames, which were fanned by a strong breeze. A number of men were injured, but none seriously.

Bank Looted.

Rantoul, Ills., Oct. 14.—The Bank of Marysville at Potomac, a village 20 miles east of this city, was entered by robbers, and between \$1,200 and \$1,500 in currency and silver taken. To get into the safe two charges of nitroglycerin were used. A young man by the name of Moorehouse heard both explosions and started to ascertain the cause. When he reached a point near the bank he was stopped by one of the robbers, who was standing guard, and held prisoner until the men escaped on a handcar.

Lost His Fortune.

Lincoln, Neb., Oct. 14.—Oliver C. Sands, 50, committed suicide at his home at University place by hanging. Following an inquest it was learned that Mr. Sands left a letter intimating that he had recently lost a fortune by being induced to make investments in what the letter declared proved to be swindles. For five years Mr. Sands had been engaged in the banking business in Missouri and Nebraska, being until recently cashier of the bank at University Place.

Held Not a Trust.

Columbus, O., Oct. 14.—Attorney General Sheets holds that the United States Steel corporation is not a trust, and is therefore not amenable to the one-tenth of 1 per cent tax which the state sought to collect from it.

Bond For the Indemnity.

Peking, Oct. 14.—The Chinese plenipotentiaries performed their last official act and forwarded to the Spanish minister, who is the doyen of the diplomatic corps, a bond for the indemnity of 450,000,000 taels.

FAST ON THE ROCKS.

Canadian Pacific Steamer Meets With Disaster In a Fog.

TWO HUNDRED PERSONS ON BOARD

Vessel Dispatched to Take Off the Passengers—Stranded Boat a Valuable One and Likely to Be a Total Loss.

Vancouver, B. C., Oct. 14.—In a dense fog the Canadian Pacific steamer Hating, from Skagway to Vancouver, went ashore at Tucker Bay, Jervis island, and is now hard and fast on the rocks. The place is a small rocky inlet lying to northeast of Laqueti island, 49 miles north of Vancouver. When the steamer went ashore Captain Gosse was on watch and First Officer Newrotes was on the bridge with the master of the vessel. The fog at the time was so dense that it was impossible to see ten feet in any direction. The Hating had on board 170 passengers, of whom 130 were first-class and 40 second-class. There was no panic when the steamer struck and the passengers were soon made aware that no danger was to be apprehended. After examination of the steamer when it was found that she could not get off the rocks by her own efforts, the captain started Pilot Gunns off to Vancouver in a ship's boat with four men. Gunns rowed down and met no steamer on his cruise until he had rowed 35 miles of the distance, when the tug picked them up. Upon his arrival here Pilot Gunns stated while the Hating was fast on the rocks he thought she was not greatly damaged. The forefoot is a gently sloping one, and she could naturally run upon the rocks rather than strike heavily.

As the news of the accident was received here the Canadian Pacific officials wired to Nanaimo, to have the steamer Joan dispatched to Jervis island to take as many passengers as possible from the Hating, and bring them down to Vancouver. As the collier Maude happened to be lying here with coal for the Hating, her cargo was hastily discharged and she was also dispatched to Jervis island. She carried a number of Canadian Pacific officials, who will ascertain the Hating's precise condition and arrange to get her off the rocks if possible. The Hating is a particularly good boat, having been brought from Hong Kong for the northern trade about eight months ago. Her estimated value is about \$240,000.

Increase In Desertions.

Washington, Oct. 14.—Major General Otis, in his annual report for the department of the lakes, says that deserters appear to be increasing, and at the date of the general's report, Oct. 7, there were considerably over 100 such prisoners confined in the guardhouses of the department. The central states, from which a large portion of the United States army is drawn, General Otis says, seem to give great advantages in the way of concealment and occupation to the absconding soldier, and hence the post guardhouses of the department of the lakes contain representatives of many military organizations stationed outside the limits of that department. The enlarged reward, however, which is now paid for the arrest and delivery of deserters, has greatly decreased their former comparative immunity from punishment.

Catholic Consistory.

Washington, Oct. 14.—In well informed Catholic circles here it is believed that the consistory of the Catholic church at Rome will be held in February, when Pope Leo XIII attains the twenty-fifth year of his pontificate. It is thought likely that this assembly will open the jubilee to signalize the closing of the quarter century of Pope Leo's regime, and that he will take advantage of it to deliver an allocution, taking a strong position on the question of assassination among other things. Cardinal Martinelli and two or three of the newly created cardinals, as well as possibly several cardinals and bishops that may meantime be created, will receive the red hat at the public session of the coming consistory.

Crops In Russia.

Washington, Oct. 14.—Official reports from the Russian ministry of finance received at the agricultural department state that not for a long time have meteorological conditions in Russia been so unfavorable to the cereal crops as during the season concluding with the harvest of 1901. These advices estimate the following yield for 1901: Wheat, 391,221,000 bushels of 60 pounds, against an average of 415,993,000 bushels for the total wheat crop in 1900. The rye estimate is 709,357,000 bushels of 56 pounds and oats 756,110,000 bushels of 32 pounds against 920,132,000 bushels and 853,695,000 bushels respectively for 1900.

RAILROAD PASSES.

Big Corporations Wanted Them Abolished But Were Voted Down.

Chicago, Oct. 14.—Railway passes will not be abolished Dec. 31. The plan to wipe them out of existence was killed at a meeting here of the executive officials of western roads. They will meet again Nov. 5. The scheme to abolish passes in all probability will be resurrected about a year hence, as E. B. Harriman and other railway magnates are firmly imbued with the idea that the officers and employees of the railroads and members of their families should pay regular rates when they travel, the same as all others.

When a vote was taken on the question of abolishing nearly all the big roads voted in the affirmative and all the smaller roads voted against it. The majority against abolishing passes was decisive. All the roads controlled by the interests which want to abolish passes were represented at the meeting. The meeting adjourned to Nov. 5 to discuss recommendations which may be made to limit the issuance of passes to those held to be entitled to them.

Labor Situation Serious.

Tampa, Fla., Oct. 14.—The labor situation, thought to have been practically settled last week, is now more serious than for some time. United States District Attorney Stripling is here investigating the recent deportation of strike leaders, and this fact has emboldened the members of Resistencia union, who are still out, and they have been working hard among those who have not struck. They use the argument that the government having ordered an investigation of the deportations there would be no further similar actions by the citizens. Several union leaders who have been in hiding since August have appeared in the streets.

Concession to Liberia.

London, Oct. 14.—Liberian officials who arrived in England early in August with the object of obtaining from Great Britain the right to navigate the Manna river, have been successful despite the fact that Great Britain was unwilling at first to grant the request of the republic. In addition to this the envoys discussed with the colonial office further and more important propositions. These were put in the form of a memorandum, which is now being submitted to the Liberian government. If, as is thought most probable, this memorandum is ratified, Liberia's international status will be greatly strengthened.

Cape Rebel Executed.

Middleburg, Cape Colony, Oct. 14.—Commandant Lotter, the Cape rebel whose commando, consisting almost wholly of rebels, was captured south of Petersburg in September, and who was sentenced to death, was executed. Commandant Lotter was tried and found guilty on eight counts, including sedition, the murder of colored, unarmed scouts, the murder of troopers in action, the blowing up of railroads and the cowardly of British subjects and Europeans. Lotter claimed he was a citizen of the Orange Free State but this was disproved.

Weekly Bank Statement.

New York, Oct. 14.—Statement of associated banks for the week shows: Loans \$870,900,700, decrease \$2,657,500; deposits \$942,688,900, decrease \$864,200; circulation \$30,983,800, increase \$365,700; legal tenders \$70,653,500, decrease \$440,200; specie \$182,501,900, increase \$2,147,300; reserves \$253,155,400, increase \$1,707,100; reserves required \$235,672,225, decrease \$216,050; surplus \$17,483,175, increase \$1,923,150.

Showed 'Em He Could Shoot.

Silver Creek, Neb., Oct. 14.—As a result of a quarrel over his ability to shoot straight, Thomas Bauder, Andrew Nowiski and Gustave Gonsior, three boys, aged 14 years, were seriously wounded by Jake Strumen at Duncan, Neb. He is said to have shot the boys to demonstrate his ability with the weapon. Bauder is shot in the head and is not expected to live. The others were shot in the shoulder.

British Capture Scheeper.

London, Oct. 14.—Lord Kitchener reports to the war office from Pretoria, under Saturday's date, that General French's columns captured Commandant Scheeper. Lord Kitchener does not state whether Scheeper's commando which has been active in Cape Colony, was captured or not. The British have been in pursuit for a couple of weeks. Scheeper himself was so ill that he was obliged to travel in a buggy.

Cincinnati, Oct. 14.—The general offices of the Cincinnati, Portsmouth and Virginia railroad were abandoned here Saturday. At the meeting of the Norfolk and Western company in Roanoke, Va., last Thursday the purchase of the Cincinnati, Portsmouth and Virginia line was ratified. The trains now use the Pennsylvania terminals. The Norfolk and Western will have a general agent here.

AIDED THE FILIPINOS.

A Native Police Force "Tincanned" by the American Authorities.

LEADERS PLACED UNDER ARREST.

Insurgent High Priest Very Active In a Province of Luzon—Other Doings In Our Oriental Acquisitions.

Manila, Oct. 14.—The military authorities have received word that General Migual Malvar, the insurgent leader, is believed to have left the have left the province of Batangas, Luzon, and to be planning an operation in the province of Bulacan, where insurgent conscription has been progressing recently. The country there is mountainous and well adapted to guerrilla warfare. Captain Pitcher has practically stamped out insurrection in the island of Mindoro. The police force at Banana, province of Batangas, has been disarmed, and the chief of police and several others have been placed under arrest on charges of belonging to an insurgent society and using their offices to obtain information for the insurgents.

Major Braganza, the insurgent officer who ordered the execution of 103 Spanish prisoners and personally superintended the carrying out of the order, has been sentenced to be hanged.

There is intense feeling among the natives in San Fernando, province of Pampanga, over the killing of a native by a soldier. Strong patrols are out in both San Fernando and Bacoolor to prevent a hostile demonstration.

There is considerable criticism here of the recent statements of Congressman Edgar Weeks of Michigan regarding Filipino character and possibilities. Members of the commission refer to his remarks as "too sweeping," and "based upon too short an experience." The native press unstintingly condemns the conclusions of Mr. Weeks as "unjust and viciously false."

Church as Mediator.

San Francisco, Oct. 14.—An important resolution to be presented to the general convention of the Episcopal church will be one drawn up by the committee of the state of church relative to the disagreements between employers and employees. After a brief preamble stating that it is the divine mission of the church to be a mediator, the resolution continues: Resolved, the house of bishops concurring, that a joint commission of both houses to consist of three bishops, three presbyters and three laymen be appointed as a standing commission upon the relation of capital and labor, whose duty it shall be to study carefully the aims and purposes of the labor organizations of our country, in particular to investigate the cause of industrial disturbances as may arise, and to hold themselves in readiness to act as arbitrators should their services be desired.

World's Wheat Crop.

Washington, Oct. 14.—The department of agriculture announces that the three most important estimates of the world's wheat crop of 1901 so far made agree that the crop is larger than that of either of the two preceding years. The estimates follow: Hungarian ministry of agriculture, 2,671,360,000 bushels of 60 pounds; Beerbohm's corn list of London, 2,711,690,000 bushels of 60 pounds, and Bulletin des Haies de Paris, 2,793,310,000 Winchester bushels. Our department withholds its opinion as to the degree in which the world's crop has been approximated in any of these estimates until a considerably larger number of official returns is available.

Small Riot.

Scranton, Pa., Oct. 14.—Another riot occurred in connection with the streetcar strike, but again, fortunately, there were no very serious results. A big crowd assembled at the lower end of the South Side line and began piling obstructions on the track. As cars came along and halted they were greeted with a fusillade of stones. A passenger, Mrs. Samuel Jones, and an Italian trackman employed by the company, were cut by flying glass. The arrival of a squad of police put the mob to flight.

Editor Dead.

Milwaukee, Oct. 14.—Lansing Warren, editor and publisher of the Milwaukee Sentinel, died from an attack of typhoid fever after an illness of about three weeks. Mr. Warren had been actively engaged in newspaper work for more than 20 years.

French Consul Attacked.

WELL, no matter what may be the verdict of the Schley Court of Inquiry concerning the Santiago fight—"It was a glorious victory," exclaims an exchange. And it was won largely by the Brooklyn, Commodore Schley's vessel.

An exchange correctly puts it when it says that a crop failure would demonstrate how dependent we are on the farmer, for a crop failure would mean light business for the railroads; it would check the flow of money from foreign countries and eliminate the great balance of trade that this land has enjoyed for several years past. Our exports last year of farm products alone amounted to \$760,000,000. This was more than half our exports.

In the Schley Court of Inquiry Captain F. E. Chadwick, who was in command of Rear Admiral Sampson's flagship, the New York, during the war with Spain, and who was Sampson's chief of staff, testified that the code of signals agreed upon between Captain McCalla, of the Marblehead, and the Cuban forces operating near Cienfuegos, had not been sent to Schley by dispatch, because Captain McCalla was expected to join him and communicate the code to him immediately. This gives a quietus to the crowd who have been criticising Schley for not opening communication with the insurgents at Cienfuegos.

THE Philadelphia Press, edited by the Postmaster General of the United States, under McKinley and Roosevelt, is fighting the Republican ticket in Pennsylvania. In speaking of the Pennsylvania Governor's remarks urging legislation in reference to anarchists, Postmaster General Smith says:

"If it is anarchistic to destroy confidence in the present State administration Governor Stone must himself plead guilty to this offense, for all his most notable executive acts have shown such disregard for law, duty and decency that confidence in and respect for his administration have been made impossible. A more willing, passive tool of an unprincipled and corrupt machine never sat in the executive chair. The great Commonwealth of Pennsylvania is shamed through its Governor, who prates of anarchy, but recognizes himself no law but the will of the machine which created him."

STOCK CLEARANCE SALE!

A settlement of the estate of the late senior partner of this firm is to be made in January. A necessity of the event is the reduction of stock to the minimum. It is to our interest to convert goods into cash at the sacrifice of profit. It must be a clearance sale in the most comprehensive significance of the term—a sale in which neither cost, value nor loss get a moment's consideration. To reduce our immense stock is the only aim, the highest hope, the fixed determination. No man or woman who knows the value of a dollar, who understands this opportunity to save, will let it pass without taking advantage of it to the full as far as prudence and means permit. While many departments are represented here, it would take double the space this ad. occupies to tell of the dozens of other equally attractive bargains. Call on us, it's the only way to master all the facts.

SIX BIG VALUES!

No. 1—Mélange Cheviot, 45 inches wide, 59c., original price \$1. In all the new fall shades. If you can judge values we are sure wisdom will guide you rightly when you see this unusual bargain.
 No. 2—Black Taffeta 27 inches wide, 75c., original price \$1. Every yard guaranteed to wear. You may be surprised at the price, but you'll be more surprised at the quality.
 No. 3—Oneita Union Suits, 43c. instead of 75c. Soft and fine, well made and finished. Closely knit to withstand many washings. You know the garment too well to need further description.

Everything mentioned above on sale now. Of course early comers have benefit of choice. No disappointments await you, complete satisfaction stamped on every offering.

None bigger, none better, none worthier ever offered the people of Maysville.

No. 4—Fancy Suitings, 42 and 45 inches wide, 29c. Original price 75c. Dark plaids and mixtures, strictly all wool. Effective for children's dresses, women's waists, wrappers and matinees.

No. 5—Women's Fleece-lined Stockings, 22½c., original price 35c. Fast black, silk fleece, ribbed or plain top, double sole and heel.

No. 6—Men's Two-piece Underwear, 43c., original price 75c. Best Maco cotton, finely woven, softly fleeced. A well cut and finished garment.

A DOLLAR is worth just what it will bring. If you had a barrel of them in the desert of Sahara they wouldn't buy a cup of water. Now we are certain there is no place in Maysville where a dollar will bring you as much as it will here during this sale. It might buy a larger package elsewhere but we are not talking of quantities. We refer to qualities and values. The following list tells what a dollar will do in some of our departments. It's not a list of exaggerations but a statement of facts.

A Dollar in the Linen Department will buy a splendid bleached Damask 72 inches wide in rose, fern, lily, clover and many other patterns. Original price \$1½. The best bed spread you ever saw for a dollar and no wonder for they've been selling for \$1½.

A Dollar in the Colored Dress Goods Department will buy an exquisite French Broadcloth worth \$1½ or a Panne Cloth as soft as velvet worth \$1½ or a Scotch mixed Covert for walking Suits, worth \$1½.

A Dollar in the Curtain Department will buy a pair of Nottingham Lace Curtains, or ten yards best Silken, or two yds. good heavy Tapestry, or 20 yds. of Scrim or one Rope Portiere, or 8 yds. of Curtain Swiss.

A Dollar in the Black Goods Department will buy a French Broadcloth, a Royal Soliel, a Peeble Cheviot, a Camel's Hair, a Milan Cloth, an English Poplin, all 1½ yards wide and worth \$1½ a yard.

THE HAYMAKERS.

Editor Remington Tells of the Visit of the Maysville Boys to Paris.

[Paris Democrat.]

Ninety-one wild and woolly members of the Haymakers Lodge of Maysville, a side degree of the Improved Order of Red Men, invaded Paris Wednesday night, and during their stay made things hum and sizz with a vengeance. The occasion was the instituting of a local lodge of Haymakers. The visitors were met at the L. and N. depot by a delegation of the Paris Red Men, dressed in the fantastic Indian costumes of the order and mounted on horseback. The Maysville lodge came in on a special train and their entree was made in a blaze of Roman candles, sky rockets, red fire and other varied fire works. Headed by the champion Haymaker's "Reub Band," the visitors were escorted through the streets, their progress being marked by a grand display of fire works. The Paris lodge brought up the rear. Enthusiasm in great chunks was on tap everywhere. The Haymakers dressed in all sorts of rural costumes, their heads surmounted by typical "Reub" straw hats caught crowds in great shape. After the parade disbanded they were taken to supper at the Fordham, where Father Dan Connor and his assistants gave them the best to be had. In the intermission the Reuben Band serenaded everybody in eight. After the conferring of the Haymaker degree a royal banquet was served at the Oddfellows' Hall, and when the affair drew to a close every one expressed himself as being highly satisfied. The visitors left for Maysville at 2:30, leaving behind them recollections of a "hot time," and their well wishes for the Paris Lodge of Red Men.

L. T. Hendrickson, of Ripley, purchased of Phil Wilson a bay yearling colt by Beechwood, dam by Baron Wilkes, the price paid being \$675.

Elder Henry Mavity, aged ninety-two, died at the home of his son at Vanceburg Friday night. He was one of the first Christian ministers in this section of the State, and probably the oldest in the State.

The funeral of Miss Susie Guilfoyle, whose death was mentioned Saturday, took place Sunday afternoon at Lexington. She was an attendant at St. Joseph's Hospital, that city, and was stricken with typhoid fever some days ago, resulting in her death on Friday.

The census report on the population of the United States by sex, nativity and color, shows that the males outnumber the females by 1.2 per cent. During the last ten years the negro population has increased 18.1 per cent., and the foreign-born element has increased 12.4 per cent.

Flemingsburg Times-Democrat: "The Maysville Board of Trade has determined to have another tobacco fair some time this winter, and we want our Fleming County tobacco men to get their samples in shape to take a good lot of premiums. We have the tobacco if they just handle it right."

Mr. W. B. Carpenter, formerly of this city, President of the W. B. Carpenter Company, the well-known stationers of Cincinnati, and a member of the Board of Directors of the House of Refuge, is lying at his rooms in the Ortiz Flats, that city, in a precarious condition. Mr. Carpenter, who has been in ill health for some time, was Saturday the subject of a painful operation. He stood the ordeal remarkably well and suffered little from the attending shock, says the Enquirer.

The suit of Newt. Ingram against Dan Peed for \$5,000 damages is on trial at Owingsville. Two years ago Peed was at Olympia Springs shooting at bull bats. Some stray shot struck Ingram about the head and face and one in the eye, destroying the sight. Peed took Ingram to Lexington, had an operation performed and the eye removed, and it is said offered him \$200 to settle the case. It is claimed that Ingram at first agreed to this, but later brought suit against Peed for \$5,000 damages.

Judge Cochran was greeted by a large audience at the men's rally at the Y. M. C. A. Sunday afternoon. His address on Bible Study, giving reasons why men should devote a portion of their time to the study of the Scriptures, was a very earnest and instructive one. All were impressed by the deep earnestness of the speaker. An enjoyable feature of the musical program was a quartette by members of the choir of the First Presbyterian Church and a solo by Miss Florence Hays of the same choir.

The Confederate veterans of Kentucky will assemble in convention at Louisville the 22d and 23d inst., and in this meeting the Henrietta Hunt Morgan Chapter, United Daughters of the Confederacy, of Newport, will have the honor of making the first pledge of a donation for the purpose of erecting a State home in Kentucky for Confederate veterans. The chapter will donate \$500 to the cause, and the home will likely be located near the center of the State. An option has been secured on a farm near Lexington. The entire cost, it is estimated, will be \$20,000.

A REMARKABLE CASE

Of Gangrene From Malnutrition Resulting From Chronic Disease of the Heart.

The "strange malady" referred to in the Cincinnati papers as affecting John Becroft, of Aberdeen, the eleven-year-old son of Mr. and Mrs. William Becroft, is a remarkable case of what is known as idiopathic gangrene from malnutrition in this instance the result of chronic disease of the heart and arterial system.

The child was excessively emaciated, and all the vital functions were at the lowest ebb. His life has been prolonged only by the most constant and skilful attentions from his physician, Dr. Heaton, who is still in charge of the case.

On Saturday last the sufferings of the patient became so intense in the right leg, which was in a gangrenous condition and (as the Cincinnati paper says) "completely dead" as far as this condition extended, that his physician requested Dr. Taulbee of this city to amputate the limb at once—which he did, assisted by Drs. Heaton, Harover, Brand and Dr. Woodson Taulbee. The amputation was made about midway the thigh, the child bearing the anesthetic well and rallying promptly when the operation closed. The physicians entertain but little hope of his recovery, but the operation brought immediate relief and gives the only possible chance for his life.

LIFE INSURANCE COMPANIES.

Basis Fixed For Assessment of Franchise Taxes Against Them.

FRANKFORT, Ky., October 11.—The State Board of Valuation and Assessment today adopted the basis upon which to reach the franchise valuation of the life insurance companies doing business in Kentucky and to fix the taxes each shall pay into the treasury. The basis is figured on the per cent. of the receipts that goes to the stockholders and to the surplus fund, estimated at 25 per cent., and to capitalize this at 6 percent. On this basis the Mutual Life Insurance Company, of New York, would have to pay an annual franchise tax of \$9,000. Attorneys for the companies have been given until October 31 to submit a different basis. No other State collects such a tax from this class of corporations, and the Kentucky board has no precedent to follow.

It has come to be the fashion now-a-days for men to get in debt in various ways in Kentucky, and then put the river between themselves and the payment of such justice. After this style Taylor crept off to "Ingiano" to evade prosecution as accessory in the hellish assassination of the dauntless and honored Gov. Goebel, and there the poltroon and craven that he is proclaims to the world his "innocence," Taylor, at Washington, though proclaims the truth from start to finish when he offers twenty pounds granulated sugar for \$1, and ten pounds of either Arbuckle, Golden Rio or Levering coffee for \$1.

CINCINNATI TOBACCO MARKET.

Considerable Irregularity the Past Week, But No Material Change in Prices. Offerings Heavy.

	1901.	1900.
Offerings.....	1,637	852
Rejections.....	369	236
Actual sales.....	1,268	616
Per cent. rejections.....	22 1/2	27 1/2
Receipts.....	740	476

The 1,637 hds. offered averaged \$8.24 per 100 pounds, as against \$8.12 for the 1,251 hds. for the previous week and \$7.68 for the 852 hds. for the corresponding week of last year.

While considerable irregularity prevailed in the sales throughout the week, there was no marked change in prices or in the character of the tobacco offered. The offerings were the heaviest for many weeks, and the strong manufacturing demand was, therefore, the prime factor in sustaining prices.

Red tobaccos were dull and easier. The red tips shared in the depression of the early part of the week, but rallied somewhat before the close. There was a big demand throughout the week for everything in color goods and fancy cutters, some very fair prices being obtained in the latter. Medium to good red fillers and good medium leaf were the disappointing types to shippers, and rejections were consequently above the average in these grades.

The weekly circular of the warehouse interests says:

"A particular feature of the week's market lay in the fact that the offerings were distributed among a large number of packers. There were no individuals putting up a large number of hogsheads, but there were many with fair offerings, and their aggregate presented a very satisfactory total. It is getting late in the season, and many holders are making endeavors to run off their tobacco to make room for the new crop.

"The fact that the increased offerings have not borne down prices shows that the manufacturers' demand is strong, but that no effort is being made on their part to boom prices.

"Receipts were much reduced, and stocks show a net reduction of 528 hds., for the first time in quite a while."

All members of the Dr. Basil C. Duke Chapter, U. D. C., are requested to meet at the new Public Library Monday morning, October 14th, at 10 o'clock.
